### To Business Men and Others.

Preliminary work is at present in progress for the publication of a

RELIABLE DIRECTORY

of this province which will contain the names of all residents, a classified list of advertisers, and complete information relative to trade, commerce, manufactures, agriculture and climate, governmental affairs, banking and finance, insurance, corporations, hotels, public buildings, steamship lines, railways, real estate, gold and coal mining, fisheries, timber, &c.

Full information in a comprehensive form and strongly bound for office use.

Mr. WILLIAM WOLZ has been specially engaged and will on or about April 1st visit the various country districts on the Island and Lower Mainland, New Westminster, Burrard Inlet, Yale, Nanaimo, Comox and Cowichan. Local agents will be employed in distant parts of the province. No time or expense will be spared to make this, the first volume of the NEW B. C. DIRECTORY, complete in every respect. Advertisements for those residing within the province payable on presentation of book; if for non residents, payable in advance. R. T. WILLIAMS, publisher, Government and Broad streets, Victoria. dw*

### How to get Rid of Moths.

Send clothes to be dyed at the dye works. Clothing of all kinds should be sent to be steam cleansed before it is put away so as to preserve it from moths. If you have any clothing that is of no use to you send word to the dyer and he will buy every description, including boots, shoes and hats. Kid gloves cleaned.

T. W. PIERRE,
Tailor and Dyer, Yates Street.

### Stomach Ache.

We all know what it is; we acquired a perfect knowledge of the "Pet" in our youth, after a raid on the green apples we were expressly forbidden to touch. Our mother gave us Perry Davis' Pain-Killer then, and strange to say no other remedy has been discovered to this day to equal it.

### A Wretched Score.

A score of years is a long time to look back upon, but when attended with continual suffering, it seems almost a century; and all this pain could have been avoided if, when your liver commenced to trouble you, you had taken Burdock Blood Bitters. Price $1 00, trial size 01 cents. *

The poet Oscar Wylde,
The name proclaims the man.
In innocence a child;
One of the æsthetic clan.
Too practical by half are we,
Twixt fiddlededum and fiddledede,
To see the poetry.

It is not wild in us to assert that the beautiful Easter Cards just received are far more elevated in sentiment and poetry.

T. N. HIBBEN & Co.

### A Hint.

If you wish to save yourself, your family, and your friends a world of suffering and pain, which at present they endure needlessly, and also save many dollars in Doctor's bills, go at once to the nearest store and buy a few bottles of Perry Davis' Pain-Killer.

### TESTIMONIAL.

VICTORIA, March 17th, 1882.

I have used St. Jacobs' Oil for Rheumatism, Neuralgia and Chapped Hands and have never found its equal. It cures as if by magic, and for Rheumatism alone I consider it worth its weight in gold.

dw MERRITT PERRY.

### Grandmother

Used to say, "Boys, if your blood is out of order try Burdock tea;" and they had to dig the Burdock and boil it down in kettles, making a nasty smelling decoction; now you get all the curative properties put up in a palatable form in Burdock Blood Bitters. Price $1 00, trial size 10 cents. *

### Fancy Drinks.

Burdock Blood Bitters is not a fancy drink, but a pure medicinal tonic, alterative, laxative and nervine, whose effect is to purify, restore and build up the impoverished blood and enfeebled body. Price $1 00, trial size 10 cents. *

### Blank Book Manufactory and Book Bindery.

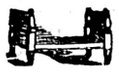

Paper ruled to any pattern. Tickets Receipts, etc., numbered and perforated. Charts and maps mounted. The best classes of modern machinery employed. R. T. WILLIAMS, Government street, entrance through Messrs. Hibben & Co's store. *

HALL'S Vegetable Sicilian Hair Renewer is no new preparation for the public to experiment with; its success is unparalleled for restoring gray hair to its natural color, promoting its growth, and producing new hair on bald heads. *

MR. HAYWARD begs to intimate that he coffins lately seized by the customs authorities were not imported by him. *

CUSTOMS BLANKS.—Duty blanks with with the new form of oath attached are now on sale at *The Colonist* stationery store.

DISEASES OF THE CHEST CURED.

GRIMAULT & CO.'S SYRUP OF HYPOPHOSPHITE OF LIME.

We invite all who are ailing from DISEASES OF THE CHEST to resort to Grimault & Co.'s SYRUP OF HYPOPHOSPHITE OF LIME as the ONLY ONE YIELDING UNFAILING RESULTS in the treatment of PHTHISIS, PULMONALIS, ASTHMAS, BRONCHITIS and various kinds of COUGHS. GRIMAULT'S SYRUP of Hypophosphite of Lime is of a ROSE COLOUR, is delivered in FLAT OVAL BOTTLES and NEVER in QUADRANGULAR BOTTLES. Call expressly for said bottle, bearing the SIGNATURE GRIMAULT & Co.

DR LEAS'

SOLUBLE PHOSPHATE OF IRON.

Clear as spring water and tasteless; has the advantage over all ferruginous preparations of containing Iron and Phosphorus, which are the elements of blood. It cures *chlorosis, pains in the stomach, difficult digestion, dismenorrhœa, anæmia, general debility and poorness of the blood*, and agrees especially with the most delicate stomachs.

WOMEN'S AND CHILDREN'S DISEASES.

*No more Cod-Liver Oil.*

Grimault's Syrup of Iodized Horse-Raddish.

This medicine has been administered with the utmost success in the Hospitals of Paris. It is a perfect substitute for COD LIVER OIL and has been found most beneficial in DISEASES OF THE CHEST, SCROFULA, LYMPHATIC DISORDERS, GREEN SICKNESS, MUSCULAR ATONY and LOSS OF APPETITE. It regenerates the constitution in purifying the blood, it being the most powerful depurgative known. It has also been applied with happy results in DISEASES OF THE SKIN. Further, it will be found to be of great benefit to young children subject to HUMORS and OBSTRUCTION OF THE GLANDS.

GRIMAULT & CO.'S MATICO, CAPSULES AND LIQUID.

Where all other medicines have failed these preparations will always effect a cure. They insure a rapid and extraordinary cure of severe, recent and chronic cases of private disease. They are used in the Hospitals of Paris by the most celebrated physicians and are found greatly superior to all hitherto known mineral remedies, Copaiba and Cubebs. The injection is used in recent, and the capsules in the more chronic cases.

DUSART'S SYRUP OF LACTO-PHOSPHATE OF LIME.

TONIC, RECONSTITUENT and DIGESTIVE, of prime order, particularly suitable to FEEBLE SUBJECTS, CONVALESCENTS, OLD PEOPLE and RICKETTY CHILDREN, who find in them CALCAREOUS ELEMENTS entering into the CONSTITUTION OF THE BONES. Well adapted for LADIES IN THE FAMILY WAY, and WET NURSES (whose milk it enriches).

ASTHMA! ASTHMA!!

GRIMAULT & CO.'S INDIAN CIGARETTES

ASTHMA, NERVOUS COUGHS, CHRONIC LARYNGITIS, HOARSENESS, LOSS OF VOICE, FACIAL NEURALGIA, and INSOMNIA, are rapidly relieved by using these Cigarettes.

SICK HEADACHE! NEURALGIA!

GRIMAULT & CO.'S GUARANA

A single powder of this vegetable production is sufficient to cure instantly the most VIOLENT SICK HEADACHE. It is the most valuable remedy against DIARRHŒA, DYSENTERY, and all disorders proceeding from derangement of the Stomach or Bowels.

TUESDAY MORNING, APRIL 4TH, 1882.

**L. P. FISHER,** Advertising Agent, 21 Merchants Exchange, San Francisco, is authorised to receive advertisements for the columns of this paper.

## A PLAYED OUT GOVERMENT.

The government declined to move the House into committee of supply yesterday. "Dropped!" snarled the finance minister as the order was reached; and so the supply went over. The government is virtually done for and it has become a question for the lieut.-governor to decide how long he will remain a quiet spectator of ministers attempting to rule a legislative body and govern a country after they have lost a majority of the one and the confidence of the other. The ministry are actually powerless. They find it impossible to carry on the business. The power which they once wielded so despotically has slipped from their grasp, and the only reply they vouchsafe to the Opposition is, "You want to get our places!" Let any man read their dirty-faced little organ of yesterday and he will see that the whole burthen of ministerial lament and complaint is that the Opposition wish to cross the House. Well, and why not? Pray what is there ignoble about the desire of the solid, responsible and reputable citizens who constitute the Opposition to turn out a batch of impecunious ministers who impose taxes right and left, who fetch down nonsense and call it law, and who glory in the reflection that they themselves are only called on to contribute the school tax towards the revenue? The country is sick and tired of ministerial humbugs and dead-beats, and the sooner His Honor directs that the places they have so long disgraced shall know them no more forever, the better will it be for the advancement of the cause of good government and the prosperity of the country. At present they block public business and cumber legislation.

## THE ISLAND RAILWAY.

Mr. DeCosmos has telegraphed from Ottawa advising the acceptance of the province of the scheme of the Dunsmuir-Crockersyndicate for building the Island Railway. Mr. DeCosmos is much in earnest in his endeavors to secure the construction of the line. We never regarded him as very discreet; but he has certainly labored hard and honestly to get the Island Railway. His latest mission to England would seem to have been as abortive as his first, as it will be seen by reference to his telegram(which will be found in thelegislative report) that Sir John Macdonald has "repudiated Lord Kimberley's basis of settlement." The mission has, therefore, as we previously contended, been a failure. But let that go for the present. What the house has now to deal with is the Island railway matter. Two bills for Island railway construction were laid before the members yesterday. Both syndicates desire to get possession of the coal lands; and one party have deposited $10,000 in the Bank of British Columbia at San Francisco as a guarantee that if granted a charter they will deposit $100,000 as security for the completion of the line. The awkward part of the affair is that the Dominion government hold the land lying between Nanaimo and Esquimalt, while the province retain the land lying between Nanaimo and Seymour Narrows. It may, however, be found that it is competent for the province to repeal the act of 1875, which conveyed the railway belt to the Dominion government and transfer the land to one of the competing syndicates. The matter is fraught with great interest to the whole province, and an early settlement earnestly desired.

### Eastern Canada Mail.

(Per steamship Idaho.)

Ottawa, March 16.—G. P. Baker, postmaster of Ottawa and a resident of the capital since 1832, is dead.

The Canadian Pacific Railway is the greatest bonanza of the day. Several officers of the company have already realized handsome fortunes. Mr. Stickney cleared a net $150,000 out of Brandon, and now General Rosser retires after having made his pile. Next.

Mr. Charles Elliott Anderson, of this city, has been appointed His Hawaiian Majesty's Consul General for the Dominion of Canada. Our commercial relations with this country at present are considerable, and our future relations with this kingdom are bound to increase—especially when our communication with the Pacific Coast is completed—in the termination of the building of the C. P. Railway, as our trade with Asia is what we have to look forward to, and the Hawaiian Islands are of such importance. They are to-day the coaling station of the Pacific.

Kingston, March 14.—A number of the carpenters who left here under engagement to work for A Onderdonk, British Columbia section of the Canada Pacific railway, deserted at different points between here and Chicago. The alleged kits on being examined were found to be worthless rubbish.

Winnipeg, March 14.—S. Huston, superintendent of section "B." Canadian Pacific Railway, committed suicide at Rat Portage, after supper on Saturday, by cutting his throat with a razor. He was also stipendiary magistrate of that district, and was a married man of about 28 years of age. His wife is now on a visit to friends in Europe, and his parents reside at Glencoe, Ont. The remains arrived here this evening, and go east to-morrow to his relations. Stipendiary Magistrate McCabe held a coroner's inquest. The jury returned a verdict of suicide while labouring under a fit of temporary insanity.

Three desperadoes, to whom there is no clue, beguiled Neil McDonald, aged 50, hailing from the County Bruce into a quiet part of the city near the railway shops, stripped him naked, and robbed him of $14. They shot him in the leg because he cried out. An hour elapsed before he was rescued. He is now in the hospital. The city is swarming with such desperadoes, and now that the weather is mild a carnival of crime is anticipated.

Ottawa, March 18.—On Monday last two persons living at Gatineau Point, Joseph St. Jean and Damase Blae, noticed a couple of men crossing the Ottawa river on a dangerous part of the ice. On reaching the fatal spot the unwary men were seen to disappear, and although the two spectators procured a boat and hastened at once to the place no trace of the bodies could be found. The missing men are supposed to be two brothers of the name of Laroque, who left their homes on that day.

St. John, N.B., March 16.—Tertullous Theail, a tavern keeper at Spruce Lake, St. John County, who, by a course of brutal ill treatment, caused the death of his wife, and who was tried at the November Circuit Court for murder and was convicted of manslaughter, was to-day sentenced to 14 years' imprisonment with hard labor. An appeal will be made to the Dominion Supreme Court.

Toronto, March 18.—Very Rev. Dean Grassett, B. D., died yeterday morning. He was an evangelical divine of great eloquence and high repute.

From the North.—The steamer Otter, Capt. McCulloch, arrived at 2:30 yesterday morning from northern ports. She encountered all sorts of disagreeable weather from the time she left two weeks ago till Saturday afternoon last; rain and snow alternating and wind all the time. The canneries are all busy as possible getting ready for the season's catch. The Grappler was met at the entrance of Tolmie Channel as the Otter came down.

### Physicians Testimony.

St. John, N. B., January, 1868.

Mr. James I. Fellows, Manufacturing Chemist.

Sir,—Fellows' Hypophosphites being an excellent nervous tonic, it exerts a direct influence on the nervous system; and, through it, it invigorates the body.

It affords me much pleasure to recommend a remedy which is really good in cases for which it is intended, when so many advertised are worse than useless.

I am, sir, yours truly,

Z. S. Earle, Jun., M. D.

### A General Alarm

Is needed when the frame is consumed with fever as with a slow fire, brought on by sluggishness of the kidneys, or torpidity of the liver; Burdock Blood Bitters will act on the system like a chemical engine, and remove all fever and restore to normal state of health. Price $1 00; trial size 10 cents.

Ayer's Ague Cure is the only medicine in existence which may be considered an absolute antidote for fever and ague, and kindred diseases. It not only affords immediate relief, but it eradicates the malarial poison which produces the disease, without leaving any enervating or injurious effect, as is the case with many of the ague medicines advertised.

Luxford's Fresh and Reliable Seeds and Plants are now ready. For sale by Neufelder & Ross, Government street, McBroom, Yates street, Shore & Co., Douglas street.

As a purifier of the blood, Ayer's Sarsaparilla has no equal. It wonderfully improves the complexion, and brings to old and young the bloom of health.

We highly recommend the French Balsam of Honey as a sure cure for coughs and colds. Try it, only 50 cents a bottle. For sale by Moore & Co. dw

M. G. Bailey offers to the public a pamphlet for 25 cents which is a denominational equalizer and a perfect chart to Heaven.

Beautiful Hair is one of the most striking and pleasing characteristics and can easily be obtained by using Cingalese Hair Renewer. Price, 50 cents per bottle. For sale by all druggists. 1ydw

McTavish & Anderson's St. Patrick potatoes may be obtained at Mr. A. Ofner's store, corner Government and Fort streets.

## PROVINCIAL LEGISLATIVE ASSEMBLY.

### FIFTH SESION.

MONDAY, April 3.

Mr. Speaker took the chair at two p. m.

Prayers were read by Rev. Mr. Beaven.

Mr. Vernon presented a report from the Private Bills and Standing Orders Committee in the absence of Mr. Armstrong the chairman.

Mr. Armstrong remarked that he had been requested to present a petition from parties to build a railway from Esquimalt to Nanaimo or Seymour Narrows; but he had informed them that it was too late to present such petition unless the standing orders were suspended for that purpose.

Hon. Mr. Walkem said there would be no objection he was sure to such a petition being presented.

On motion the standing orders were suspended and the petition received.

Petition referred to private bills committee for report.

Mr. Vernon moved that the word "Nanaimo" be struck out and "Seymour Narrows" substituted. The second paragraph was also amended to conform with the first.

Mr. Smithe moved the first reading of the bill.

Seconded and carried.

Bill to be read a second time on Wednesday.

ISLAND RAILWAY.

Mr. Ash moved the following resolution:—

That an order of the House be granted for the immediate production of all telegrams received by the government, or any member thereof, on the subject of the construction of the island railway. He trusted there would be no objection to the motion as it was one of great importance. There were two railway bills before the House and it was necessary that all the information possible should be given on the subject.

Seconded by Mr. Smithe.

Carried. No objection being offered.

MUNICIPALITY ACT.

Mr. McGillivray asked leave to introduce a bill intituled "An Act to amend the 'Municipality Act, 1881.'"

Leave granted and bill read a first time. Second reading on Wednesday next.

VICTORIA SCHOOL RESERVE.

Mr. Ash moved the following Resolution:—

That, in the opinion of this House, no Public School Reserve should not be alienated without the consent of the trustees of such district, confirmed by a majority of the voters of the district assembled at a public meeting, convened by the trustees, to consider the propriety of the proposed alienation. The mover remarked that the old school act vested all school property in the trustees; but the consolidated act was silent on the subject. It was not advisable to carry the principle of centralization to such an extent and the trustees ought to have full control over school property. The matter that had called up the question was a proposition to put a road right through the central of the Victoria school reserve. (No, no, from several members.) There would be no objection to putting the road through on the line of the reserve. The street was intended to be put through some of the buildings; and the ground would certainly be wanted for a recreation ground and should not be alienated in such a manner. The resolution was a proper one for the House to pass.

Seconded by Mr. Brown.

Mr. Williams said that some time last summer his attention was called to a plan for running Yates street through the reserve, and he at once called on the chief commissioner to denounce it. There would be no objection to the street going through on the line taking one-half of the street from the reserve. He hoped the government would pay some attention to this resolution which they had not done to former ones.

Mr. Wilson thought that the trustees had the custody of school lands and property and that the government had no power over them. He thought that the trustees themselves could not alienate school lands. When the municipal council made application for a portion of the roadway the government did not agree to the proposition, but offered to give the ground for the entire street, and that not on a line with the boundary. The reserve was small enough for public school and university purposes and ought not to be alienated. He wished to know from the senior member for Victoria why the proposition of the Council was not accepted, instead of agreeing to give the whole width of the street and cutting the reserve in two.

Mr. Walkem would be glad to be relieved of responsibility on this matter. The question was settled by the governor-in-council. The Council were not unanimous in their opinion as to the alignment of the street. He would offer no objection to the resolution.

Carried.

MAINLAND RAILWAY BELT.

Mr. McGillivray moved the following resolution:—Whereas *bona fide* settlers have settled upon and cultivated lands within the railway belt on the mainland in this province previous to the statutory conveyance of the said lands to the Dominion government, but could not obtain a title at the time, owing to the fact that the lands were being surveyed, and consequently were not open to pre-emption or purchase, and in the meantime a conveyance was made and those settlers' applications were not entertained:

And whereas *bona fide* settlers have settled upon and cultivated lands within the railway belt on the mainland in this province subsequent to the statutory conveyance of the said lands to the Dominion government, with the expectation that the Dominion government would immediately open up those lands, but no such steps have been taken up to the present time, thus retarding and preventing the settling up of a large portion of the best agricultural lands, and being detrimental to the development and promotion of the best interests of the province:

Therefore be it resolved, that a respectful address be presented to his Honor the Lieutenant-Governor, praying that he will be pleased to communicate with the Dominion government urging them to make such provisions as are necessary to allow those settlers who made application and became *bona fide* occupiers of the lands previous to their conveyance by statute, upon similar terms to those provided in the land laws of the province at the time their application was made; and, further, that the Dominion government be requested to throw open for settlement all the railway lands on the mainland, and to provide for a recognition of such settlers' rights, and to arrange the terms upon which the title to said lands shall be acquired.

The mover referred to a former resolution almost to the same purport; but he thought it advisable to bring in a resolution dealing exclusively with the railway lands on the mainland. The grievances of settlers on the railway belt were then enumerated. His object was to move the Dominion government to allow those settlers to complete their titles so as to get their lands on a proper basis. His resolution dealt with two classes of settlers and the second class would of course expect to comply with all regulations that might be imposed by the Dominion government. These lands should therefore be opened up for settlement without delay. Every hon. member, he thought, would see the advisability of agreeing with the resolution.

Seconded by Mr. Armstrong, who regretted that steps had not been taken by the government to get those lands opened up long before this. He considered that the present government of the Dominion were determined to build the road as fast as possible; but this government seemed in every instance to doubt whether the Dominion government were in earnest about building the railroad. The government here said as little as possible on the subject of the mainland railway belt. He accused the government of not being aware that there were a large number of settlers anxious to get their lands into the market. He hoped the government would now do something in this direction.

Hon. Mr. Walkem suggested a few slight amendments to the resolutions so as to make them more definite.

Mr. McGillivray accepted the amendments suggested.

Hon. Mr. Walkem remarked that himself and his colleagues had tried to persuade Sir Charles Tupper that it was necessary that those lands should be thrown open instead of being kept in *statu quo*. He (Sir Charles Tupper) was not prepared to make any promise on the subject. He would give all the assistance possible in carrying out the resolution.

Mr. Wilson remarked that no notice whatever was taken by the Dominion government of these resolutions and that the local government should bring every possible pressure to bear upon the government at Ottawa to get the lands into the market. Settlers finding that they could not get lands in British Columbia had been and are still going to Washington Territory. (Hear, hear). At least 100,000 acres in the New Westminster district alone would have been settled on if the local government had moved in the matter as they should have done and got those lands thrown open for settlement. He hoped the government would do something more than merely transmit the resolution to Ottawa.

Mr. Smithe heartily endorsed the remarks of the member for Victoria. He adverted to the injury that had accrued to the province by the lands on the Mainland and Island being locked up. The bill of damage against the Dominion Government for locking up these lands would be a heavy one. The government was very much to blame in not looking after this question more closely. It was not sufficient to merely transmit their resolutions to Ottawa, but to follow them up with remonstrances from time to time until all these hindrances to settlement were removed. As there seemed to be a probability of the House taking over the railway lands on the Island it would be then competent for the House to deal with them. On the Mainland, however, the matter was on a different footing. These lands were entirely in the hands of the Dominion Government and all the House could do was to move that government by resolution and he hoped the government would do their duty.

TELEGRAM ON ISLAND RAILWAY.

Hon. Mr. Walkem presented a telegram on the Island railway as follows:

TELEGRAM

OTTAWA, Ont., March 31st, 1882.

*To Hon. R. Beaven:*

Dunsmuir left for England *via* Montreal and New York without concluding a bargain with Canadian Government for construction of Island railway. He received a reply to his proposal that in no way committed government, yet the verbal assurance given * * * had impressed him with the belief that an arrangement for the construction of Island railway would be made with him after the general election next summer. He telegraphed copy of a bill for the incorporation of a company by the provincial legislature to construct and operate a railway from Indian Reserve, Victoria, *via* Esquimalt, to Nanaimo, with power of extension to Comox, Seymour Narrows and Alberni, and accept cash and land subsidies from provincial and Dominion Governments, or either. I sincerely recommend the passing of the bill. The associates of Dunsmuir & Diggle, Crocker and Stanford, are a guarantee that the Island railway will be built if the Dominion Government agree to the subsidies that they may ask. The Central and Southern Pacific railway can furnish a market for coal that will annually increase and at the same time not diminish the supply for the Canadian Pacific by railway ferry to Burrard Inlet. I know no combination that can do so much for the development of island interests and industries as the one proposed, nor do so much for the general interests of the Province. It is a matter of regret to me that no bargain was concluded with them. The * * Canadian Government in not concluding an arrangement with this Company postpones for indefinite period the construction of the Island Railway. In an interview with Sir J. Macdonald yesterday, he denied that there was any obligation to construct it as part of the Canadian Pacific, but intimated that after prorogation the railway question would be taken up with a view to its final settlement. He repudiated Lord Kimberley's basis of settlement, and intimated that whatever sum of money might be paid towards construction of Island Railway should be a final settlement of all claims for compensation for delays and breach of agreement of all kinds in connection with Canadian Pacific Railway. He would neither name a sum of money nor any sum. This calls for patriotic action on the part of the Provincial Government and Legislature. The rights of the Province should be maintained at all hazards, and the Imperial Government should be asked to promptly settle and conclude the Island Railway question with compensation for delays in construction of Pacige Railway.

* * The fact of the Order in Council making Esquimalt the Ocean Terminus was repudiated by Sir J. Macdonald yesterday, although the Order in Council of 1879 reviving the Order of Council of 1873 is unrepealed. I purpose to write two letters to Sir John Macdonald tomorrow—one on our right to Island Railway as part of the Canadian Pacific Railway, and the other showing the grounds for compensation. * * * * *

A. DECOSMOS.

MAINLAND RAILWAY BELT RESUMED.

Hon. Mr. Humphreys said that over and over again the local government had endeavored to press this question upon the notice of the Dominion government. Sir Charles Tupper had been spoken to on the subject and the government had done all in their power in the matter.

Mr. Smithe—Where is the correspondence?

Hon. Mr. Walkem—There is none.

Mr. Harris said that not an acre of land had been preempted on the mainland since 1875. The correspondence on the matter between the two governments had been very limited—in fact it had scarcely been noticed. A resolution had been passed last year but there had been nothing more on the subject from that time to this. All the representations of settlers had been neglected and unless something could be done they would leave the lands and go elsewhere as they would not live in uncertainty any longer. If the government had taken any steps on the matter the House should know what these steps are.

Hon. Mr. Beaven thought that members who had spoken did not know what the government had done in this matter. The government had done all they possibly could with the Dominion government and with Sir Charles Tupper when he was here. That minister was under the impression that all the good lands had been alienated and that there was no land worth dealing with. If the Dominion government would not survey the lands and throw them open for settlement this government could not force them to do so. He thought the resolution should receive the unanimous support of the House and hoped that it would be acted upon by the Dominion government. There was no good reason why these lands should not be thrown open for settlement at once.

Mr. Vernon remarked in reply to the hon. the finance minister that the Elliott government had received a communication with regard to those lands just before going out of office but that government going out immediately afterwards had no opportunity to deal with it. It was very proper for the government to interview Sir Charles Tupper, but that was not sufficient, they should have moved the Dominion government before that minister's arrival, but it was all in keeping with the government's supineness; they had done nothing and were trusting all along for something to turn up to help them out.

Resolution carried unanimously.

THE KOOTENAY ENQUIRY.

Mr. Ash moved the following resolution:

That the honorable the provincial secretary be instructed, for the information of this House, to ascertain from the Commissioners in the matter of the Kootenay enquiry, the amount of the compensation due to them for their services, estimated on the basis of the payment for corresponding services in the Texada enquiry. The mover enumerated the circumstances in connection with the enquiry referred to. The judges had performed their duty in this enquiry and remuneration should have been awarded them long ago as the enquiry was altogether outside of their usual duties. He considered the House had put itself in a bad position with regard to this matter in not paying the judges for their services. They have a right to be paid and he hoped the House would take the first step toward doing so by passing the resolution.

Seconded by Mr. Vernon.

Mr. Gallagher thought that the judges instead of acting as arbitrators had acted as advocates and he did not think they deserved any pay at all.

Mr. Vernon expected that members of the government would have something to say on this subject instead of putting their supporters forward. There could be no doubt but the country at large considered that the judges should be paid.

Mr. Gallagher expressed the opinion that they ought not to be paid.

Mr. Vernon—That is because you were personally affected by the decision. He thought it strange that members of the government had nothing to say on the matter. It seemed they were actuated by private feelings or they certainly would have something to say on the resolution.

Hon. Mr. Walkem was not actuated by any feeling in the matter; but it would be remembered that members of this House had been grossly insulted by the judges at that enquiry.

Mr. Vernon said he was present in Court and did not hear any remark of the kind made; and even if it had been that was no excuse for defrauding the commission.

Mr. Armstrong said he voted against the appointment of the commission and he would therefore vote against the resolution.

Mr. Beaven thought the judges were well paid for their ordinary work and that they did not report in a proper way. They should have reported to this House, which they did not do.

Mr. Ash said the matter was simply one of indebtedness for services rendered.

The resolution was lost—6 to 18.

STEAM FERRY.

In reply to Mr. McGillivray Hon. Mr. Walkem said it was the intention of the government to call for tenders at an early date for the establishment of a steam ferry across Fraser river at New Westminster.

SUPREME COURT.

In reply to Mr. Bennett, Hon. Mr. Walkem said that no answer had been received respecting the residence of a Supreme Court Judge at New Westminster beyond those contained in the returns.

ORDER.

Mr. Walkem said that he would insist in future that when motions were dropped from the orders that they should be considered as finally disposed of.

Mr. Mara said that the leader of the government when in opposition kept a notice of motion on the paper during the entire session.

Mr. Walkem said the course was not parliamentary.

LAND ACT.

Mr. Walkem introduced a bill to provide for the sale of unsurveyed and unreserved lands after two months' notice; when there are two or more applicants for the same land, the land will be sold by auction.

The bill was read a second time and committed, Mr. Ferguson in the chair.

Mr. Ash contended that the public lands should be sold for even less than a dollar per acre; and that whatever price was put upon the lands it should be a fixed price. He would move that the price be a dollar per acre and that the words "less than" be struck out.

Mr. Bennett coincided with the member for Comox that the price of land should be fixed as intending settlers should know what the price of land really is. It would be wrong for any man to have the power to make the price more than a dollar per acre.

Mr. Helgesen would support the amendment of the hon. member for Comox.

Amendment carried.

After some further discussion the committee rose to sit again on Tuesday.

House adjourned till Tuesday at 2 p.m.

## The Esquimalt and Nanaimo Railway Bill.

After the preamble Clause 2 sets forth that Robert Dunsmuir, Wadham Neston Diggle, Charles Crocker, Leland Standford, Coles Potter Huntington, John Bryden and James Dunsmuir shall form a company to be styled the Esquimalt and Nanaimo Railway Company to equip, maintain and work a continuous double or single track steel railway of the guage of the Canadian Pacific railway, and also a telegraph line with the proper appurtenances from a point on or near the harbor of Victoria, B. C., to Esquimalt and thence to Nanaimo, with power to extend the main line to Comox, Seymour Narrows or any other point on the west coast of the Island and also to extend the said railway by ferry communication to the Mainland of B. C., and then to connect or amalgamate with any railway lines in operation or course of construction. The company shall also have power to build, own and operate steam and other vessels in connection with the said railway on and over the bays, gulfs and inland waters of B. C. Another clause places in the hands of the Dominion and provincial governments power to arrange details.

Clause 3 provides for the acceptance of leases, grants or conveyances from the government of B. C.

Clause 4 fixes the capital stock of the company at three millions of dollars, divided into shares of $100 each, said stock not to exceed $5,000,000.

Victoria is made the headquarters of the directors and several clauses then deal with the method of calling meetings and conducting business.

The last section provides for the completion of said line on or before the first day of July, A. D., 1885, if final agreements between the company and government respecting aid by way of bonus are concluded prior to the 1st July, 1883.

## Expenditure on Cowichan River, British Columbia.

Mr. Bunster moved for a copy of all statements showing, in detail, the money expended on Cowichan River, and surveyor's report as to whether the said river was completed as per contract, and how much money was paid out of the sum voted for its improvement. He said: This is a motion which I should probably have made last year or the year before. The late government granted a sum of money for the purpose of clearing out this river—a sum something like $1,500. I never could get full details on the subject so as to satisfy my constituents as to how the money was expended, but, one thing is certain, the river never was properly cleared out. The river leads to a large lake, twenty miles long by ten or fifteen wide, and opens up a large tract for settlement. When this river is cleared out it will open up a section of country which will contribute a great deal more to the revenue of the country than the government will have to spend in performing the work. It is declared a navigable river, and, therefore, it is the duty of the Dominion government to have it cleared out.

Motion agreed to.

THE CONCERT THIS EVENING.—There is every indication of the concert this evening in the Methodist Church being equal if not superior to any musical entertainment that has been given in this city for many years past. The choruses will be rendered by about 40 well-trained volunteer voices from almost all the church choirs in town. But the main feature of the concert will be the great variety of solos, duetts, etc., both instrumental and vocal. Many of these are very choice and will be performed by some of the best vocalists and musicians in the province.

THE PASSOVER.—The feast of the Passover began last evening. There were appropriate services at the Synagogue.

ONLY a d. and d. at the Police Court yesterday.

## What Some People Say.

That Mr. Bunster has asked for the extension of the telegraph line to Comox, and information as to whether the government intend to lay out a townsite at Moodyville, Burrard Inlet.

That *The Weekly Colonist* will be issued to-day. In addition to the regular sheet it will contain a large supplement full to overrunning with news and general information.

That the circulation of the *Daily* and *Weekly Colonist* is increasing with unprecedented rapidity.

That there are generally supposed to be seven wonders of the world. British Columbia does not possess as many, but can show five, viz.: a potato, weight 9½ lbs.; an egg, weight ¾ths of a pound; apples perfectly cooked on the tree by excessive heat at Lytton; a *Speaker!!* who does not think, and a thinker who does not speak. Such wonders as these are worthy of note and show the wonderful effects of soil and climate.

That in the absence of a gymnasium the bell-pull of the public school tinkler furnishes the means of exercise for the urchins.

That Rev. Mr. Gamble preached a powerful and eloquent sermon at the Pandora avenue Presbyterian church on Sunday evening.

That the firm of Langley & Morison, fashionable *modistes*, is dissolved, and Mrs. A. Langley continues the business.

That Lady Sidney Waterlow, lately married to Sir Sidney Waterlow at London, is a native of Napa Valley, where her father is a wealthy resident.

That the John E. Higgins, in custody at San Francisco on a charge of forgery, is not Victoria's quondam policeman. The latter is in Australia.

That Findlay, Durham & Brodie want an experienced foreman for their cannery on Fraser river.

That the friends of Mr. A. H. Cameron, who received terrible injuries while working on Onderdonk's new canon steamer will be glad to hear that he is in town and is rapidly recovering from the effects of the accident.

That the annual choral festivals of St. John's church having always ranked among the pleasantest and the public will hear with pleasure that an Easter Festival has been arranged for Tuesday the 11th inst, at the church. Mr. T. Sidney Wilson will lead. The sermon will be preached by the Lord Bishop of Columbia.

That the concert of sacred music at the Methodist church, fixed for this evening, will be a pleasant affair. Every effort has been made to render it successful. We know of no more agreeable method of passing an evening than in listening to well-trained choir voices swelling in harmony with a grand organ in the hands of a good player.

That Mr. Speaker has telephoned—no, telegraphed—to Alpheus Todd at Ottawa to ask what are his powers in the case of a tie. Answer due to-day.

That the government are afraid to move to go into committee of supply; in other words, they can no longer carry on the business of the country.

That they are practically a demoralized and gone in community.

That Shortlets is itching for a complimentary notice at our hands.

That when other and more respectable work has been disposed of he will receive a special notice free of charge. At present, the reptile may continue to gnaw a file—of the *Standard*, from which journal we intend to extract a few pleasant notices of the individual in question, as the most fitting reply to his alleged wit and malicious innendoes.

That the Grappler will sail for the north on Friday the 14th.

That the mutton at the Queen's Market is unsurpassed by anything of the kind in the city.

That the White House received its first instalment of spring goods by yesterday's steamer. The advertisement is unavoidably laid over until to-morrow.

That the goods are amongst the handsomest ever imported.

That a new lodge of the A. O. U. W. will shortly be instituted in this city.

That the terminus of the Island railway will be at the Songish village.

That there was a heavy frost Sunday night, and another last night.

That the steamship Tiber, reported lost between Southampton and Aspinwall, had a lot of Victoria goods on board.

That Shears & Partridge received their first shipment of spring goods yesterday. Their advertisement will appear in to-morrow's issue.

That the millinery and straw goods received by Shears & Partridge are unique and very handsome.

## Marine.

The steamship Victoria landed Capt. Clements at noon Sunday and passed down.

Steamship Idaho, Capt. Hayward, with 570 tons of freight for Victoria and 30 for Alaska, came in at 2 o'clock yesterday morning, from San Francisco, bringing the mails and a great crowd of passengers. Having discharged goods, etc., for Victoria, she sailed for Puget Sound ports in the afternoon.

Steamship Devonshire four days out from San Francisco passed the mouth of the harbor yesterday on her way up to Departure Bay to load coal. She is a vessel of more than 3000 tons burden and lately arrived on this coast from China and will load for that kingdom.

Barque Black Diamond, which was repaired in this harbor by John Harmon, reached Shanghae on Feb. 14th in safety.

Steamship Tiber, plying between Southampton and Aspinwall, is reported lost in a telegram received yesterday.

MAINLAND RAILWAY BELT.—It transpired yesterday during the debate that the government did nothing in the recess to lift the embargo on the mainland railway lands. Not a scrap of paper on the subject exists. Perhaps a telephonic message lingers on the wires. What a government, and what a people to submit to such indolence and incapacity.

REGATTA MEETING.—The meeting called by advertisement for the purpose of making arrangements for a regatta up the Arm on the 24th prox., Queen's Birthday was largely attended, and a committee appointed to carry it out to a successful issue, Another meeting will be held next Monday evening at the same time and place.

NEW SEMAPHORE SYSTEM.—By order of the Ottawa Department of Public Works drawings have been prepared of Gisborne's new semaphore system for transmission to the Imperial authorities and several foreign governments. It is considered the most perfect system of signalling yet invented.

## DOINGS IN MONTREAL.

### A SENSATION CAUSED IN THE CITY.

### A Swooping Charge Made by the Post Against Mr. McNamee.

MONTREAL, March 15.—For some time past an unpleasant and exciting controversy has been going on in Irish circles here over a charge against Mr. Francis B. McNamee, the well-known contractor, of having acted the part of an informer during the Fenian excitement, and obtaining the foundation of his ample fortune in the shape of rewards from the government for information regarding Fenian conspirators. The matter was first made public in this city by the publication in the *Post* of an article taken from a New York paper This led to two committees proceeding to New York to find out the author and ascertain, if possible, upon what grounds he based his charges. One committee was deputed at a public meeting of Irish citizens and the other was sent at the instance of the publishers of the *Post*. The first committee made its report to a public meeting in St. Patrick's hall; but amounted to nothing further than giving the name of the author of the article and the names of a certain number of Canadian gentlemen from whom he alleged he obtained the information upon which he based his accusations. The meeting seperated without taking any action in the matter beyond listening to a long vindication of himself from the accused. It appears from a long correspondence published in the *Post* this evening that the venerable Father Dowd, the parish priest of St. Patrick's, intervened between the principal parties in the conflict after the meeting and in the interest of peace and harmony endeavored to allay the spectre which was causing so much bitterness and angry feeling between members of his parish. His efforts have not been successful, as the *Post* comes out this evening with an extensive bill of indictment of the most damaging character against Mr. McNamee. The editor says:—"As the result of our inquiries we charge F. B. McNamee with being the first to introduce Fenianism into Canada, and with being the principal instrument in the organization of a branch of that body in this city, and that he endeavored to graft it on to St. Patrick's Society. Secondly, that having induced unsuspecting and misguided men to become members of the organization he betrayed his dupes to the government so that he might be enriched by their betrayal. Thirdly, that he was engaged during the American war as a crimp and bounty broker and employed agents in the business. Fourthly, that he offered a certain person $500 to put daylight through a prominent citizen who had done him some real or supposed injury." The article concludes by stating that the charges are made calmly and deliberately, and it rests with Mr. McNamee to give the authors the opportunity of substantiating them before a proper tribunal. The publication in question has caused a very decided sensation in the city. Mr. McNamee has retained Messrs. Macmaster, Q. C., Ritchie, Q. C., and Barry, and a suit will be entered at once for libel against the *Post* Publishing Company, the damages to be laid at $50,000.

## Report on Courtenay River, British Columbia.

Mr. Bunster moved for Dominion agent's report on Courtenay river, in Comox district; also to state which was the lowest tender for the clearing of said river. He said: I ask for these papers in the interest of a very thriving settlement, who consider they have been greatly abused by not having the river attended to. It would shorten the distance they would have to come to market by about seven miles and allow the farmers of the district to make three or four trips a day instead of making one trip, as at present, and that over a very bad road. As I understand it the Dominion Government are obliged to keep all navigable rivers open. A few years ago this river was navigable for vessels drawing as much as twelve feet but from the falling in of trees and the carelessness of lumbermen it has been allowed to become obstructed. A sum has been placed on the estimates year after year for the purpose of clearing it out, but it has not been expended. I believe the Dominion agent was sent by the hon. the minister of public works to report on the matter; but I consider that he did not do his duty, as if he had advertised for tenders the sum which was placed on the estimates, and the contributions of the settlers together, would have made the river navigable. The matter is also of importance because the river is one which will contribute to the wealth of the Dominion by its salmon fisheries.

Sir Hector Langevin—The papers will be brought down and when they are brought down the hon. gentleman will see that if a discussion is to take place it had better take place when the vote for the estimate is considered.

Motion agreed to.

A NOBLE WORK.—Charles Trehart, who died in this city a short time since, was a member of the United Order of Workmen, but was in arrears for assessments, and his widow therefore had no claim on the order for assistance; but the lodges in Oregon have decided to pay the amount the widow of the deceased brother would have been entitled to had he been in good standing. Mrs. Trehart will therefore receive the sum of $2000. Such noble and disinterested conduct needs no comment. It is simply beyond praise.

VANCOUVER ISLAND RAILWAY.—It is reported here on excellent authority that Mr. Dunsmuir, the coal king of British Columbia, is on his way to Ottawa with a proposition to the government to build the island railway. Mr. Dunsmuir is the principal owner of the valuable coal mines at Nanaimo, and is said to be a millionaire, his wealth having been made in the Pacific Province out of the black diamonds.—*Montreal Cor. Mail.*

LARGE EAGLE SHOT BY A BOY.—On Saturday last Willie, son of Mr. J. H. Scafe, of Long Lake, a boy of only 11 years, shot from the top of one of the highest trees in the neighborhood a large eagle which measured 7 feet across the wings. The weapon used was a Remington rifle. He put the ball through the centre of the bird. Don't tell us that our Island boys will not be able to defend their country in case of need.

REAL ESTATE.—Several heavy sales were effected yesterday. About 20 acres in Victoria west went at $280 an acre, and 112 acres near Mount Tolmie at an average of $50 an acre.

SOMETHING NEW.—Harmless Easter Egg Dyes all colors only 10 cents a package at Moore & Co. *

Is progressing. White Labor there as at KURTZ'S FACTORY is triumphant.

TWENTY COTTAGES built for and occupied by White Cigar Makers and their Families.

TWELVE of "OUR BOYS" are kept off the streets, cultivating industrious habits, making good wages and learning the trade as Cigars Makers.

Arrangements are also being made for the immediate employment of OUR GIRLS as Cigarette Makers.

Ask for KURTZ'S WHITE LABOR CIGARS and take no other, and thus encourage HOME INDUSTRY, at the same time keeping the money in the country.

All branches of business are stimulated by the introduction and ENCOURAGEMENT OF WHITE LABOR.

Ask the Grocers, Butchers, Tailors Jewellers, Bootmakers, and ask the White Laborers bone and sinew of the country, and they will tell you so.

On the other hand see the Chinese cigar and shoemakers coming from their respective shops. They wear the same old wooden clogs, blue jean smocks, and baggy pantaloons which they brough with them from China. They live and work in hordes, crowding themselves in small and badly ventilated tenement houses, permeating fumes of smoking nut oil, bad tobacco and cheap opium. Drinking tea and munching rice, what we call nasty they call nice. Their wages are hoarded up and taken or sent to China. These filthy habits and practices are particularly objectionable in the manufacture of Cigars because tobacco is the most sensitive and absorbent of plants and requires to be manipulated in rooms free from taint and noxious vapors; *vide* our Factory.

**NOTE**—Certain parties are at the present time engaged in putting Cigars of an inferior quality in our boxes and selling them as Kurtz's Own.

The Law on this subject is very stringent and will be strictly enforced. Preliminary steps have already been taken.

## ANNUAL REPORT.

In making their Annual Report the Directors have to inform the Subscribers that the Government has built a Convalescent Home in the Hospital grounds, a part of the cost amounting to $451,65, was however paid by the Hospital Board. This building is now ready for occupancy, but cannot be made use of until provision is made for furnishing it.

The Directors have been specially careful to keep the Hospital Building in a thorough state of repair, but some additional outlay will be necessary during the current year for certain improvements and for beds, bedding, etc.

The Directors have to report that the affairs of the Hospital have been concluded with economy during the past year, and on this point refer the Subscribers to the Treasurer's Report.

The Report of the Medical Officer, which accompanies this, speaks for itself.

In closing this report the Directors have again to thank Messrs. Dunsmuir, Diggle & Co., and the Vancouver Coal Company for liberal donations of coal, and also the Local Government and Subscribers for generous support, and Mr. Russel for services in auditing accounts, and to express their satisfaction with the zeal and efficiency of Mr. and Mrs. ilbert Robinson and the other officers of the Hospital.

J. H. TURNER, President.

## ABRIDGED REPORT OF THE VISITING SURGEON.

TO THE BOARD OF DIRECTORS OF THE ROYAL HOSPITAL:—Gentlemen,—I have the honor to submit to you the following statement of the result of medical and surgical treatment of patients under my charge in Royal Hospital during the last twelve months. As will be seen there is a slight decrease in the number of in-patients admitted which is accounted for by the fact of several incurables having been admitted, who occupying beds, have excluded many who should have gained admittance had there been beds vacant, and in consequence of this fact the number of out-patients is in excess of ordinary years.

Number of patients admitted to Royal Hospital for the year 1881:

| | |
|---|---|
| In-Patients | 89 |
| Out-Patients | 200 |
| | 289 |

Of whom 14 have died from following causes:

| | |
|---|---|
| Exhaustion | 3 |
| Chest disease | 4 |
| Kidney disease | 2 |
| Fever | 1 |
| Apoplexy | 1 |
| Aneurism | 1 |
| Cancer | 2 |
| | 14 |

I cannot conclude this Report without testify to the admirable manner in which the affairs of the Hospital are conducted, which reflects the highest credit on the Superintendent, Mr. Robinson, and the Matron, Mrs. Robinson, I have also to thank such of the professional brethren as I have had to call upon, who have always most willingly rendered me my assistance I required. As also Mr. R. B. Thompson, dentist, who has frequently been of great service to me in cases where dentistry was required. I have the honor to be, Gentlemen, your obedient servant,

J. B. MATTHEWS.

Langley Street, Victoria, March 1st, 1882.

Victoria, B. C., 13th March, 1882.

I hereby certify that I have examined the Treasurer's accounts and found them to be correct, and supported by proper vouchers. (Signed),

THOS. RUSSELL, Auditor.

When it is borne in mind that the foregoing figures represent the entire cost of carrying on the Hospital Establishment, including repairs, painting, etc., and that the average number of inmates was much higher during past year than ordinarily, whilst serious cases under treatment have involved unusual expense for extra nursing, it will be readily seen that the Hospital is carried on with careful economy.

The expenditure of the past five years compare as follows:

| | |
|---|---|
| 1877-78 | $5,665 80 |
| 1878-79 | 5,062 37 |
| 1879-80 | 5,482 39 |
| 1880-81 | 5,401 24 |
| 1881-82 | 5,636 27 |

These figures are irrespective of outlay for Convalescent Home, upon which was paid the following:—

In 1880-81—$970 paid for purchase of land adjoining Hospital; title vested in the Provincial Government.

In 1881-82—$451,65 paid to complete the contract price for construction of Convalescent Home building, the Government vote having been deficient by that amount.

Referring to the account for the past year the items for extra nurses, and wines and spirits, shew the principal increase as compared with last year's expenditures, and this outlay was unavoidable in consequence of the character of the cases under treatment.

W. C. WARD, Hon. Treasurer.
